

THE DEBATE

2014

Beckstoffer Dr.Crane Vineyard, St Helena

Color: Deep, dark ink with magenta on the rim

On the nose: Beautiful cedar, floral nose with wisteria, cinnamon, caramel, red cherries, orange, boysenberries with chocolate and ashes

On the palate: Silky, soft entrance evolving on a lush but tannic mid-palate lingering on freshness with ripe dark cherries, plums, black licorice, soap bar, Maine blueberries, Mirabelle plum

Dr. Crane is situated on the west side of St Helena which has gravelly loamy soils and a very warm climate. Of all the sites, Dr. Crane is the warmest, and has the most extracted style. Because of this the wine has a very rich and velvety palate with candied fruit on the finish.

Varietal: 100% Cabernet Sauvignon

Vineyards: 100% Beckstoffer Dr.Crane

Fermentation: 23 months in 70% new oak,
100% French Oak

Case Production: 200
